Friday, Nov. 20, 2015 • 7:30 a.m. – 1:15 p.m. (Check-in: 7:30 a.m.)
Robinwood Professional Center, Newman Auditorium, Suite 142
11110 Medical Campus Road, Hagerstown, MD 21742

Presenters

Patty B. Casper RN, M.S., CRNP
Patty graduated from University of Maryland School of Nursing, receiving both her graduate and undergraduate degrees. She is the clinical nursing director of pain management for Maryland Shock Trauma, Infectious Diseases. She has a national certification in advanced pain management, clinical-based evidence.

Martha Conlon RN, M.S.N.
Martha graduated from The Peter Bent Brigham Hospital School of Nursing and has a Bachelor of Science and master’s from Johns Hopkins University. She has been a nurse for 36 years and has worked in ophthalmology for 15 years.

Margaret Laurerman, M.D.
Dr. Margaret H. Laurerman is an assistant professor at the Maryland Shock Trauma Center. She graduated with a medical degree from the Columbia University College of Physicians and Surgeons in 2007. She completed her general surgery residency at Boston Medical Center and her fellowship at the University of Maryland Medical System in surgical critical care and acute care surgery.

Alison Wilson, M.D.
Dr. Alison Wilson received her medical training, completed a surgical residency and completed a critical care fellowship at Baylor College of Medicine in Houston, Texas. She is the vice chair and associate professor in the West Virginia University School of Medicine’s Department of Surgery.

She is also the chief of the division of trauma, acute care surgery and surgical critical care and serves as the director of the Jon Michael Moore Trauma Center at Ruby Memorial Hospital. There, Dr. Wilson ensures state-of-the-art trauma and critical care for thousands of injured patients from West Virginia and the surrounding region each year. In fall 2014, she was named the Skewes Family Endowed Chair for Trauma Surgery.

Program Description:
This program offers comprehensive continuing education in the treatment of critically ill and injured patients, stressing current basic and cutting edge guidelines and technology for evaluation, diagnosis and management. The course is designed to enhance the knowledge and skills of those caring for ill and injured patients.
